

Small Wonders

an invitational exhibition
featuring smaller works by
over 160 regional artists

June 12 through August 7, 2022

Birger Sandzén
MEMORIAL GALLERY

Exhibition Statement

The Show Committee of the Birger Sandzén Memorial Gallery in Lindsborg, Kansas, invited an array of regional artists to participate in their latest invitational group exhibition, *Small Wonders*. Artists were encouraged to create a 2-D or 3-D piece that was equal to or smaller than a 12 x 12 x 12 inch imaginary cube. The show follows other similar themed Sandzén Gallery invitationals such as the *Kansas Scenic Byways Invitational*, *Artist Self-Portrait Invitational*, and *Embracing Nature*.

The concept for this exhibition came about after the show committee discussed a way to have a widely encompassing theme that could outdo 2016's popular *Self-Portrait Invitational*. Smaller allowed more pieces to fit in an exhibition and, thus, expanded the participation. Credit also goes to committee member Dave Woolard's approach of acquiring smaller pieces to fit into his modest home. Thinking small is growing in popularity and embraces the philosophy that bigger is not always better. With this exhibition the committee hopes to demonstrate that exciting and wonderful things can come in small packages.

Sincere THANKS go out to all the participating artists in the exhibition along with Gallery members, donors, and supporters who make it all possible.
